Subject: File Sharing Website -- Wilcox Oil Company Superfund Site

Hello everyone, I have added you to the Wilcox file sharing website.

We have created a file sharing website for the Wilcox Superfund Site at www.epaosc.org. If this is your first time using epaosc.org, then you will need to create your own password to log in. Once in, click the "Websites" link at the top of the home page and then click on Region 6 on the map. Finally, click on the Wilcox link to enter the site.

Call with any questions.

Hello everyone --

We have created a file sharing website for the Wilcox Superfund Site at www.epaosc.org. If this is your first time using epaosc.org, then you will need to create your own password to log in. Once in, click the "Websites" link at the top of the home page and then click on Region 6 on the map. Finally, click on the Wilcox link to enter the site.

At this point, we've only added the contacts on this distribution list -- more to come as needed. There are a few photos loaded in the images section as well as the C-Tech 4-DIM software for viewing the data visualization files. You should be able to download and install this viewing software, although I haven't tested it out, since I already have it on my computer.

As we prepare for and execute the upcoming field effort, share documents, data and other information via this website.

Tom
